My Portfolio

OBJECTIVE

Detail-oriented Front-End Engineering Intern with provciency in JaTaScript, HCML, and uSS. uBrrently pBrsBing a fachelor ob Science in Computer Science. Strong foundation in object-oriented programming languages. Collaborative team player with experience delivering software components, ensuring maintainability, and contributing to high-quality user experiences. Actively engaged in agile processes, code reviews, and operational support. Eager to apply skills and drive positive impact in an internship setting

EDUCATION

Bachelor of Science , Computer Science   Aug 2022 — Present
Medi-caps University

HSC, Commerce with Math   Apr 2021 — Mar 2022
Rishi Valley Academy   73.8%

PROJECTS

Bank Mangement system   Aug 2023 — Aug 2023
I developed a simple ATM system in Java, implementing core banking functionalities such as account registration, login, withdrawal, deposit, funds transfer, balance inquiry, and transaction history. The project utilizes object-oriented programming principles and incorporates user-friendly interfaces for interaction. This hands-on experience demonstrates my proficiency in Java programming, problem-solving, and logical thinking.

My School Website   Sep 2023 — Sep 2023
I successfully designed and developed a school website as a personal project, showcasing proficiency in HTML and CSS. This project demonstrates my ability to create a visually appealing and functional website, highlighting my skills in front-end web development.

AWARDS

Reliance Foundation UG Scholar, ReReliance Foundation   2 Jun 2023
Recipient of the Reliance Foundation Scholarship, recognized as one of the top 10% performers out of 50,000 students in a challenging aptitude test. Successfully secured a place among the distinguished 5,000 scholars, showcasing aptitude, dedication, and excellence in academic endeavors.
